

EPI benefits versus COVID–19 risks

HepB3 / EPI suspension period: 6 months / vaccine impact: lifetime

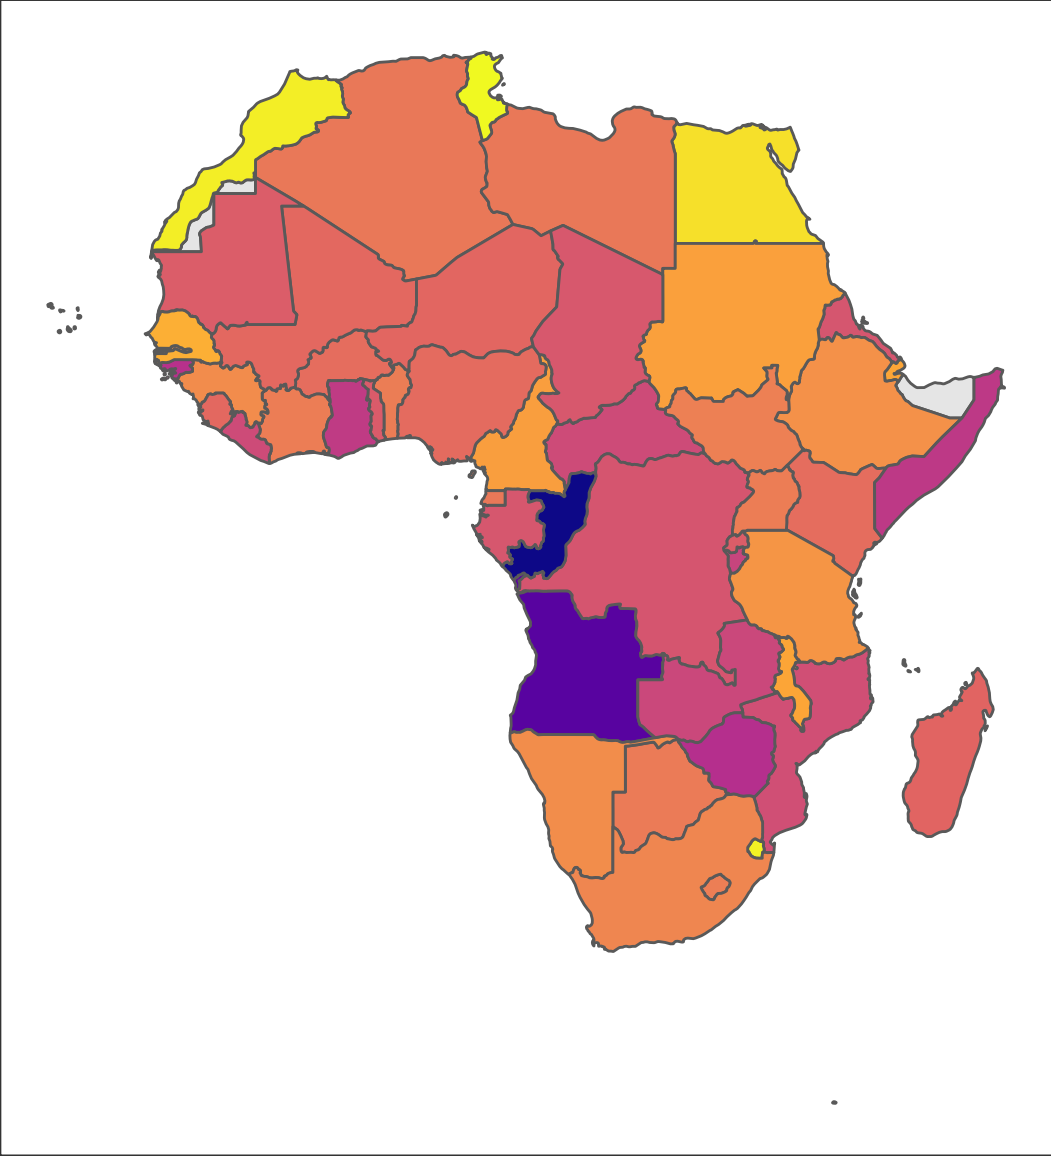

Hib3 / EPI suspension period: 6 months / vaccine impact: lifetime

Hib3 / EPI suspension period: 6 months / vaccine impact: lifetime

EPI benefits versus COVID–19 risks

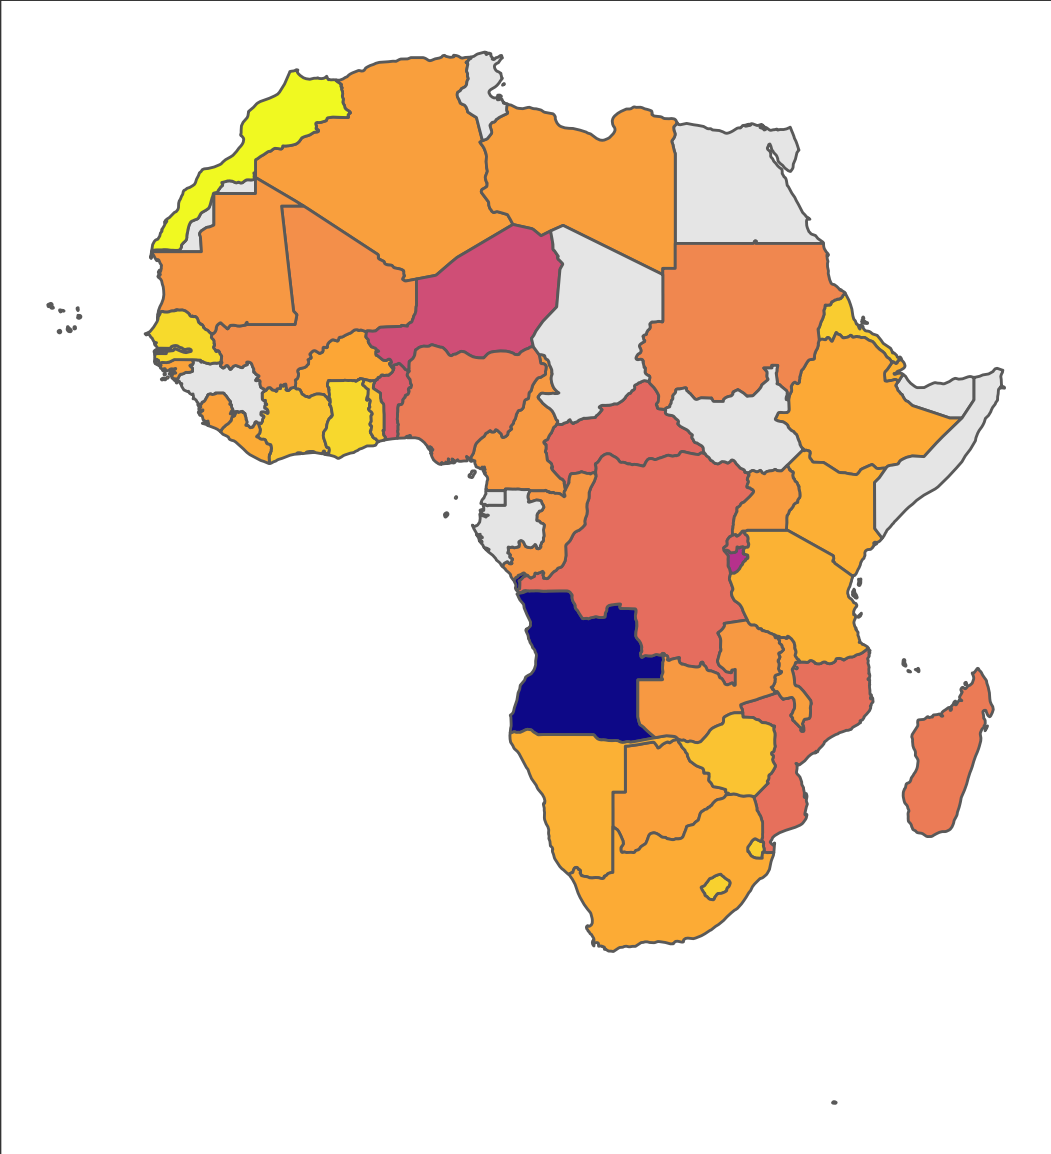

MCV1 / EPI suspension period: 6 months / vaccine impact: lifetime

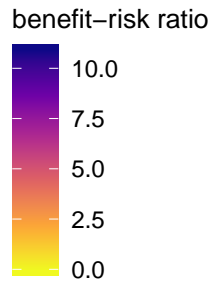

A map of the African continent with its countries colored in various shades. The colors include yellow, orange, red, pink, purple, dark blue, and light grey. The map shows the outlines of all major African countries, with some smaller islands like Madagascar and the Canary Islands also visible. The colors are distributed across the continent, with yellow in the north and west, orange in the central and east, red in the north and east, pink in the central and east, purple in the south and east, and dark blue in the south. Light grey is used for some countries in the west and east.

EPI benefits versus COVID–19 risks

PCV3 / EPI suspension period: 6 months / vaccine impact: lifetime

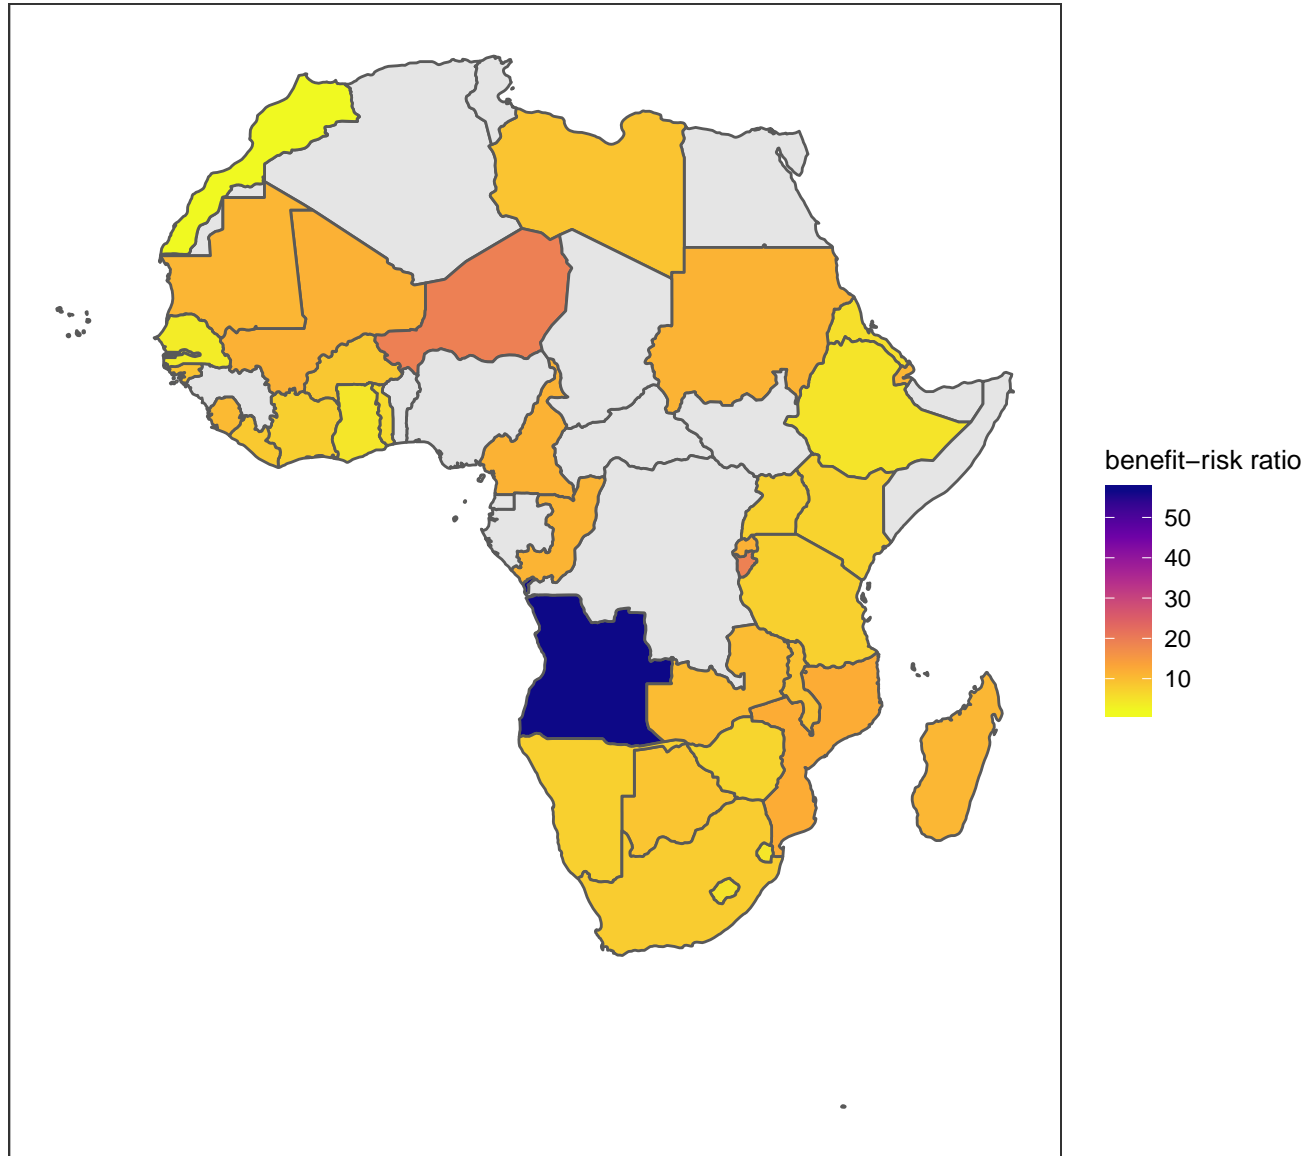

RCV1 / EPI suspension period: 6 months / vaccine impact: lifetime

RotaC / EPI suspension period: 6 months / vaccine impact: lifetime

RotaC / EPI suspension period: 6 months / vaccine impact: lifetime

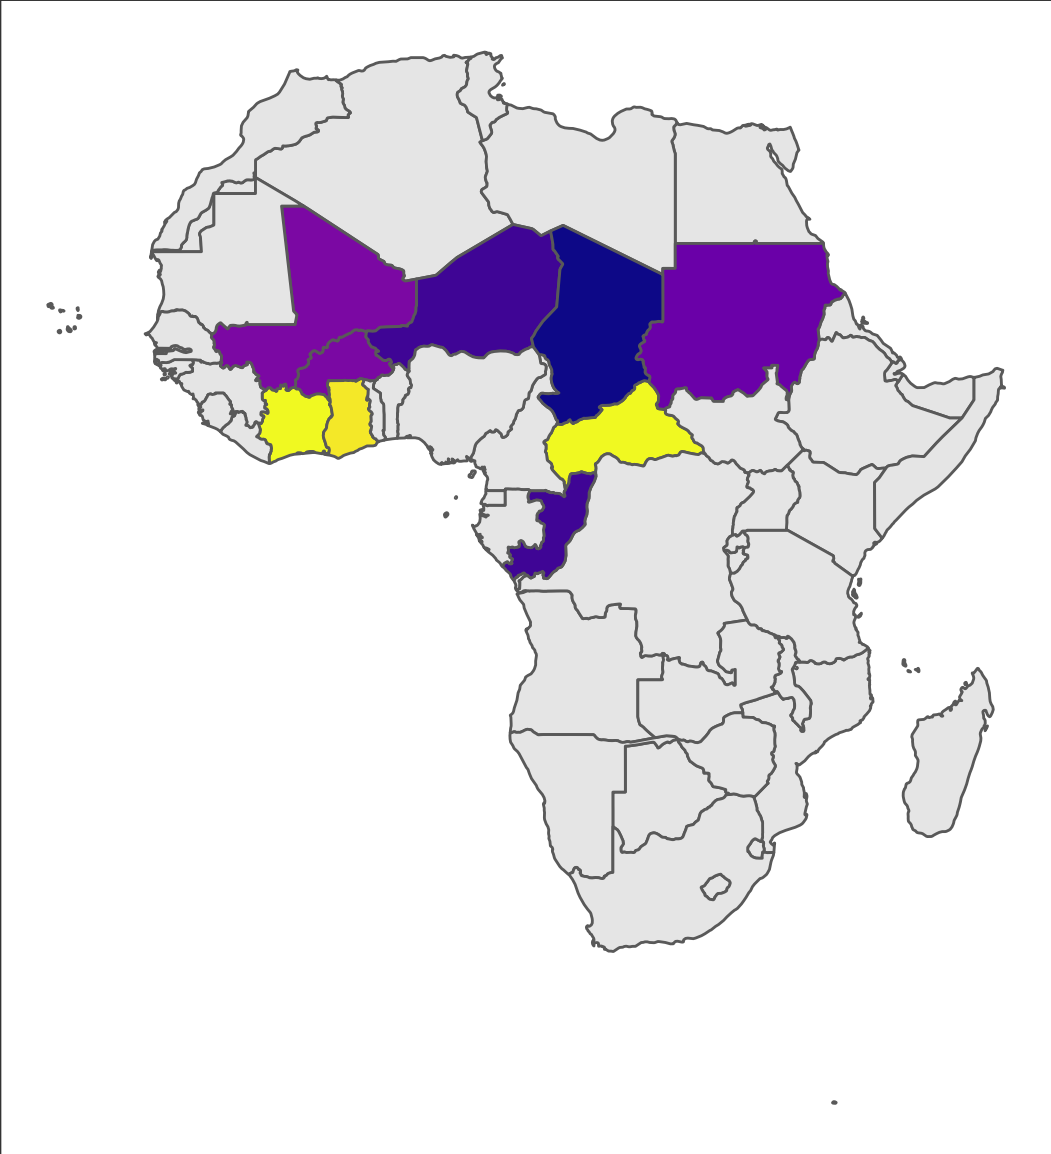

YFV / EPI suspension period: 6 months / vaccine impact: lifetime

YFV / EPI suspension period: 6 months / vaccine impact: lifetime
